*Makes your bathroom elegant*

## *About Us*

We established our base in Egypt in 1992, and since then we have gained experience and knowledge in bathroom products.

Working our way through these years, we finally came to a point where we decided to focus our expertise in production, by which we could benefit our country with the quality products it requires.

Since 2019 we have started manufacturing shower hoses, hot water connections and assembly of shower sets with key factor in our mind *"Quality & Service"*.

Our goal is to make our *Victor* brand renowned in the international market after having achieved a substantial market in Egypt. We invite all valued customers to be our partners in our vision to *"Grow together by being together"*
